

Mission Statement

Our aim is to provide Friendly Welcoming Efficient Hospitality from your first contact with us. We will address your individual needs whilst remaining flexible and professional in our service delivery. Our purpose is to attract and maintain Guests, developing mutually beneficial relationships and long standing friendships.

The Directors and Shareholders of CedarWoods of Sandton recognise the importance of local community upliftment and embrace the principals of BBEEE. We endeavour to add value to the lives of those employed by the Company and their families, to offer young school leavers an opportunity to develop a career in Hospitality and to continue to grow the members of Staff employed by the Company through its own organic growth.

We recognise that activities involved in running a business impinge on the environment. In an effort to minimise these effects, we are committed to progressive, sound and responsible environmental management leading to sustainable use of resources, reduction in wastage, and optimal management of waste products.
